

VARYBOND® 15-73

Low strength surface gasketing

'?????': '?? ???? ???
?????

1 LE

[???????? ???? ??????](#)

Seals all rigid metallic flanges and surfaces, especially on aluminum diecast or cast steel components. The product's low strength ensures ??? easy parts removal. Quick and easy application with a paint roller or screen printing. The gasket film features a ductile yield before breakage in excess of 100%.
