Description

AEROSPEC 200 is an extreme low temperature aerospace grease. It is a lithium complex synthetic ester grease, designed to give outstanding operational performance on a wide range of airframe components including bearings, actuators, gears, bushes and sliding surfaces, even where high loads are encountered.

AEROSPEC 200 holds the following specifications:

- Approved for the Airbus A380 programme.
- Approved to: JSD XG 287
- DEF STAN 91-53/3 / NATO G-354
- Rolls Royce Specification – R-R OMAT 401G
- Airbus CML No. 03GBC1
- NATO Stock No 9150 99 224-1793 (75g)
- NATO Stock No 9150 99 350-6234
- AIMS 09-06-002

*Multi-purpose, Extreme Low Temperature Grease
