#### Description

AEROSPEC 210 graphite aerospace grease is approved to JSD XG 273 amongst others and designed to give outstanding lubrication performance on equipment such as leaf springs, lift guides, steel wire rope and bowden cables.

AEROSPEC 210 is approved to:

- DEF STAN 91-85/1
- JSD XG 273
- Rolls Royce Specification – R-R OMAT 404A
- NATO Stock Number: 9150 99 942-3151

AEROSPEC 210 is also suitable for machine guns and small arms weaponry in hot, dusty conditions. It demonstrates excellent low temperature performance with extremely low starting and running torque figures and provides excellent performance in the presence of water.
