Description

AEROSPEC PROTECT Spray leaves a resilient, heavy duty waxy film for long term corrosion protection of all types of components and equipment particularly those operating in outdoor environments.

AEROSPEC PROTECT Spray is chemically resistant and ideal for exposed metal components and machinery in storage both indoors and outdoors.

AEROSPEC PROTECT Spray is highly resistant to water wash-off and provides excellent corrosion protection for a wide variety of applications commonly found throughout the manufacturing industry in many different types of arduous environments.

AEROSPEC PROTECT Spray is Airbus approved for main landing gear axle sleeves (Airbus CML No. 12ACG6)

Ideal for applications such as:

- Hinges
- Gearbox casings
- Other exposed metal components
