

FOODLUBE Hi-Load SF

A semi-fluid grease for use in automatic lubrication systems feeding highly loaded bearings. Also, very effective when used as a gearbox grease.

- Specifically designed for use on highly loaded bearings fed by small bore pipe work in automatic lubrication systems
- Good load carrying capability – 355kg Weld Load
- Has excellent stability – extended relubrication intervals and a reduction in lubricant usage
- Excellent temperature range -20°C to +160°C
- Manufactured from only FDA listed ingredients
- Provides a tenacious, EP film with excellent water wash off resistance and corrosion protection
- NSF H1 Registered
- [HALAL Certified](#)
- [Kosher Certified](#)

Description

FOODLUBE Hi-Load SF is an excellent all round semi-fluid grease offering very good pumpability, extreme water wash off resistance and good corrosion protection. The grease has a good load carrying capability and won't separate under pressure.

*FOODLUBE Hi-Load SF is designed for automatic lubrication systems and grease filled gearboxes where NSF H1 is required.
