

SAPPHIRE Spray Grease

Multi-purpose EP grease fortified with PTFE in an aerosol

- Excellent extreme temperature resistance – ranging from -50°C to +200°C.
- Excellent low temperature performance ensures components are protected even on equipment working constantly in extreme sub-zero conditions.
- Lithium complex soap technology and EP additives, including PTFE, provides outstanding high load.
- Fully synthetic base oil leaves minimal residue providing long life even at elevated temperatures.
- SAPPHIRE Spray Grease is highly resistant to oxidation, providing extended lubrication intervals whilst reducing equipment failure, downtime and lubricant usage.
- Excellent corrosion resistance to protect in humid, damp and even wet conditions.
- PTFE has an extremely low coefficient of friction and its inclusion in SAPPHIRE Spray Grease reduces stick-slip on start up ensuring a smooth controlled movement.
