Description

STAINLESS STEEL CLEANER Spray is NSF A7 registered making it acceptable as a metal cleaner and polisher for non-food contact surfaces in and around food processing areas.

It is highly effective leaving a clean, smear free, polished surface. It removes greases, oils and general grime from most metal surfaces and is highly effective on stainless steel commonly found throughout the food, pharmaceutical and other clean industries.

For stubborn contamination and heavy grease deposits, re-application or an initial clean with a solvent degreaser such as [REMOVER & DEGREASER](#) may be required.

*High performance Stainless Steel Cleaner in aerosol form
