

TRI-Logic VG68

- Contains special additives which prevent the oil being degraded by bacteria and fungi when it drains into the cutting fluid system
- Highly tenacious film-resistant to water wash off/protects slides from corrosion
- Good lubrication & load carrying properties – reduces wear and prevents 'stick slip'
- Rapid demulsification-separates rapidly from cutting fluid & easily removed by oil skimmers/separators
- For optimum performance use with TRI-Logic cutting fluids and TRI-Logic RTD
